TEXAS FLOOD WATERS RECEDE DROUGHT FEAR SKYROCKETS WHEAT

PRICES ADVANCE TO MORE THAN DOLLAR PER BUSHEL TODAY

RUMORS CANADIAN CROP GREATLY REDUCED ALSO BRINGS HEAVY BUYING

CHICAGO, July 2.—(P)—A bull market in wheat as crop disaster from drought spread in the North American spring wheat belt sent prices upward 3 to 5 cents a bushel at all world trading centers today.

Wheat futures registered the maximum gains permitted for one day at the major markets on this continent.

At Chicago, wheat was lifted 5 cents a bushel to above the dollar mark for the first time, since March as the grain pits churned in intense excitement. Wheat and other major grains sold at season's top levels. December wheat sold above \$1.03, within six cents of its 1935 peak.

CHICAGO, July 2.—(P)—Wheat prices skyrocketed above the \$1 a bushel level for the first time since March on the board of trade today as excited traders rushed buying orders into the futures pits at the opening gong.

Fear that drought which already has reduced the domestic spring wheat crop far below normal also might diminish Canadian production gripped traders in all world markets. Chicago wheat jumped four cents a bushel as soon as the market opened with September selling above \$1 and December above \$1.03.

The Winnipeg market, which

Farmer Roosevelt Faces Heavy Loss On Georgia Farm

WARM SPRINGS, Ga., July 2.—(P)—Franklin Delano Roosevelt, Georgia farmer, stands to lose "a lot of money" this year because of the drought plague—the worst in this section in years.

Rain has not drenched the President's farm on Pine Mountain since Mr. Roosevelt paused April 8 on his return to Washington from a vacation fishing trip off the Florida coast.

"It's bad on the farm," said Otis Moore, superintendent of the President's estate here, pointing to the dried fields and withering trees. "The corn should be waving over one's head at this time of the year."

"I don't know how it will turn out. The way it looks now we're lucky to make one-fifth of a crop. We're going to lose a lot of money."

NATIONAL FARMERS HOLIDAY ASSOCIATION URGES FORMING STRONG FARMER-LABOR PARTY

ST. PAUL, July 2.—(P)—The National Farmers Holiday association today urged "a strong farmer-labor party" and refused to support "any organization or political party that does not work for fundamental changes in our economic system."

Resolutions setting forth these objectives, adopted at the national convention late last night, culminated a stormy session during which five state unit presidents temporarily bolted the meeting.

In an effort to restore harmony the convention dropped two resolutions—one proposing endorsement of Congressman William Lemke, Union Party presidential candidate, and the other pledging aid to a national third party formed by farm and labor elements.

The threatened breach developed when the delegates began discussion of endorsement of Lemke's candidacy.

A compromise was effected by allowing each state one vote, with one additional for each 100 members in its unit.

One resolution adopted cited "specific manifestations of Fascism in this country leading us headlong into war" and declared "the only effective way to combat these attacks on our civil liberties is through a strong farmer-labor party."

Listed as fascistic manifestation were CCC camps, deprivation of homes, the teachers oath, passage of gag laws such as the department of justice in South Dakota, and nullification by the U. S. supreme court of all legislation designed to relieve our deplorable situation.

FATHER QUESTIONS YOUNG SON ABOUT MOTHER'S MURDER

CHICAGO, July 2.—(P)—Detectives today pinned their hopes of solving the mysterious slaying of Florence Castle upon her husband's efforts to obtain a coherent story from Jimmy Thompson, 7-year-old son of the victim and a witness of the killing.

The boy was turned over to his father, James B. Thompson of Beaver, Mass., yesterday after Thompson expressed the belief that Jimmy would tell him the true facts if relieved from the excitement of the police investigation.

Chief of Detectives J. L. Sullivan said many angles of Jimmy's account of how a man beat his 7-year-old mother to death early in the night in their hotel room obviously were imaginative.

The lad's conflicting stories left police uncertain whether Mrs. Castle was killed by a white man or a negro, Jimmy, who lay in bed with a fractured skull, was fractured her skull with a brick, variously described as a man wearing a black

QUIET WELCOME IS BEING PLANNED FOR REP. ZIONCHECK

SEVENTEEN CANDIDATES, INCLUDING ONE WOMAN, ARE SEEKING HIS PLACE

SEATTLE, July 2.—(P)—Rep. Marion A. Zioncheck's welcome home tomorrow will be a quiet one and in sharp contrast with his boisterous send-off to Washington, D. C., last February. It appeared here today.

But Spokane's athletic round table planned to call out a ballroom orchestra to greet the fence-jumping congressman with "the prisoner's song" and invite him to hear the club's colors in the Olympics high jump event.

Zioncheck's close friends said they planned no welcome for him in Seattle; one went to Montana to get married, another was suddenly called out of town and another will be busy at work.

Postmaster George E. Star, state democratic chairman, said the party's headquarters would not welcome the "Zipper's" creator, whose odd behaviors in the national capital landed him in a Maryland mental sanitarium from which he escaped Monday, by jumping a fence.

After three days of candidates tossing their hats into the ring for Zioncheck's job the political

SEATTLE, July 2.—(P)—Rep. Marion A. Zioncheck's welcome home tomorrow will be a quiet one and in sharp contrast with his boisterous send-off to Washington, D. C., last February. It appeared here today.

DAWSON ASSURED ADEQUATE, MODERN WATER WORKS SOON

LAKEHURST, N. J., July 2.—(P)—The German dirigible Hindenburg grounded at 2:20 a. m. central standard time, today, completing its fourth commercial flight from Germany in record-breaking time.

The big ship made the run from her home port, Frankfurt-on-Main to Lakehurst in 52 hours and 51 minutes, cutting eight hours, 34 minutes from her previous record, Lieutenant George Watson of the naval air station announced.

The Hindenburg's lines were made secure at 2:35 o'clock after she made what was said to be the first flying mooring ever made by a German airship. A ground crew was ready, but was not called upon as the ship flew directly to the mast.

Twenty-two persons, the smallest passenger list to date, were on board for the record-breaking flight.

Twenty-two persons, the smallest passenger list to date, were on board for the record-breaking flight.

TORNADO SWEEPS LOUISIANA TOWN DURING RAINSTORM

ONE PERSON KILLED, FIVE INJURED, THREE SERIOUSLY THURSDAY

ARCHIBALD, La., July 2.—(P)—A tornado which struck here and at Mangham in Richland parish early today left one person dead and five injured, three seriously. The tornado, lasting approximately five minutes, came in from the Southwest at about 7:30 (CST) and swept out to the northeast.

Felix Bradford, six year old, was killed when the Bradford home here was demolished by the storm. An infant of the Bradford family was seriously injured.

Others seriously injured were: Mrs. J. C. McCormick, Mangham, suffering from lacerations and a fractured arm, and Mrs. John Baskin of Mangham.

Those slightly injured were John Atwell Baskin, son of Mrs. John Baskin, and Mrs. Carlton Underwood.

Mrs. McCormick and Mrs. Underwood were injured when their homes at Mangham were demolished. The Underwood residence was picked up by the terrific wind and deposited on the front porch of the McCormick home.

The home of M. D. McConnell was blown down and that of H. H. Preston damaged. The garage at the residence of Mrs. J. W. DeMoss at Mangham was leveled by the wind.

The cafeteria, gymnasium and main building of the Mangham high school were damaged to the extent of an estimated \$10,000 or \$15,000.

The storm came in the midst of a heavy rain, the first in this vicinity in approximately five weeks. The rain continued to fall after the tornado and completed its destruction and vanished toward the northeast.

Hindenburg Makes Record Flight In Fourth Crossing

LAKEHURST, N. J., July 2.—(P)—The German dirigible Hindenburg grounded at 2:20 a. m. central standard time, today, completing its fourth commercial flight from Germany in record-breaking time.

The big ship made the run from her home port, Frankfurt-on-Main to Lakehurst in 52 hours and 51 minutes, cutting eight hours, 34 minutes from her previous record, Lieutenant George Watson of the naval air station announced.

The Hindenburg's lines were made secure at 2:35 o'clock after she made what was said to be the first flying mooring ever made by a German airship. A ground crew was ready, but was not called upon as the ship flew directly to the mast.

Twenty-two persons, the smallest passenger list to date, were on board for the record-breaking flight.

DALLAS TAXICAB STRIKERS WARNED AGAINST VIOLENCE

POLICE READY TO BACK UP FIRM STAND TAKEN BY CHIEF IN STRIKE

DALLAS, July 2.—(P)—Major operators reported rebellion today in the ranks of 500 striking taxicab drivers and said they expected to resume operations "within a few days."

Legislation strikers were weakening their demands for a closing shop were vehemently denounced by union leaders.

Company officers offered to re-employ union workers, providing they would withdraw demands for a closed shop which would accept a clause that they would accept.

Meanwhile police set themselves to back up firm warnings against recurrence of violence which has sporadically marked the strike here.

DALLAS, July 2.—(P)—Police set themselves today to back up firm warnings against recurrence of violence in Dallas taxicab strike, in which 500 drivers and their employers are deadlocked over demands for a closed shop.

FURIOUS UPRISING AGAINST GOVERNOR LECHE IS DEFEATED

SENATE CUTS GAS TAX IN HALF; HOUSE ROWS OVER OIL LEVY

BATON ROUGE, La., July 2.—(P)—A furious uprising against Governor Richard W. Leche's legislative authority was crushed today when the house passed the governor's measure reducing the Huey P. Long tax of five cents a barrel on oil refining to 2.5.

BATON ROUGE, La., July 2.—(P)—A hot fight broke out today in the house of representatives over the five cents a barrel oil refining tax levied by a 1934 extra legislative session at the late Senator Huey P. Long's direction.

Governor Richard W. Leche's legislative influence was warmly challenged.

The conflict was in keeping with

DAWSON ASSURED ADEQUATE, MODERN WATER WORKS SOON

BIDS WERE OPENED TUESDAY FOR DAM AND DISTRIBUTION SYSTEM

Bids totaling \$38,000 for the construction of a dam to impound a 65-acre lake for a water supply for Dawson and the installation of a distribution system were opened at Dawson Tuesday afternoon, according to A. F. Mitchell of Corsicana, engineer of this PWA project. When the entire system is completed, it will represent an expenditure of \$71,000 while the PWA grant is one-third of the cost of the dam and distributing system.

NEW DEAL TACTICS IN COMING CAMPAIGN TO BE DISCUSSED BY ROOSEVELT AND FARLEY TODAY

WASHINGTON, July 2.—(P)—New deal tactics in the campaign were up for discussion today as President Roosevelt summoned National Chairman James A. Farley to an important conference at the White House.

The talk was invested with additional importance because it was expected to determine Farley's future status in the new deal's high command. Recurrent reports led many in the capital to believe that Farley might soon announce that he was stepping out as postmaster general—either permanently or temporarily—to concentrate on his duties as democratic chairman.

In preparation for the big oratorical engagements ahead, leaders in the democratic and republican camps devoted themselves to an assault on each other's parlor platforms.

ACCIDENTAL BLAST OF DYNAMITE KILLS TRIO OF WORKMEN

EXPLOSION OCCURRED HIGHWAY BRIDGE SOUTH OF NOWATA, OKLA.

NOWATA, Okla., July 2.—(P)—Three highway workers were blown to bits at 9:30 a. m. today in the accidental discharge of three-fourths of a case of dynamite near a bridge two and one half miles south of here.

Two of the dead were identified as Frank Rountree, Duncan, highway project foreman, and J. W. Murphy, 50, Nowata, laborer.

Kenneth Black, Nowata undertaker, said the body of the third man had been tentatively identified through a postal money order receipt as William H. Hinkle 29, of Nowata.

Black said the post office records showed a receipt found on the body had been issued to Hinkle, and the local WPA office said Hinkle had just been transferred from the relief rolls to work on a state job.

James Jordan, 35, farmer living one-quarter of a mile south of the bridge, was bruised but miraculously escaped death when he was knocked from the running board of an automobile, parked only 70 feet from the blast scene.

Workers found Rountree's burned and mangled body 80 feet from the pit ripped open by the explosion. The bodies of the other two men, even more badly mangled, were found nearby.

Twenty other workers working down the road a short distance, were uninjured. The superintendent said he could obtain no details from the men.

"I was returning from Tala," the superintendent said. "About a quarter of a mile from the bridge I heard the explosion and saw the cloud of dust. It was a much larger explosion than I

PROMINENT IDAHO MAN FOUND DEAD IN CAR OF POISONING

HEIR TO OIL FORTUNE ACCUMULATED BY FATHER AS ROCKEFELLER PARTNER

BOISE, Idaho, July 2.—(P)—James McDonald II—heir to a fortune accumulated by his father, who was a partner of John D. Rockefeller in the oil business—was found dead today in his automobile.

Dr. H. N. Chaloupka examined the body. He said death was caused by carbon-monoxide poisoning.

Earlier, a fire station pulmotor crew worked vainly over the body for more than an hour.

He was born in Cincinnati, O., May 8, 1890—a son of the late James McDonald who later became Rockefeller's European representative in the Standard Oil Company.

McDonald came to Idaho 25 years ago and built at picturesque Hailey one of the most elaborate rustic mansions in the scenic Sawtooth mountain country of central Idaho.

In the World War he became a first lieutenant, serving in France from May 1917 to Oct. 23, 1919.

Surviving relatives include the widow; two sons—James McDonald III of Boise and Robert McDonald of San Francisco—and one step-daughter, Miss Jane McDonald of Boise.

McDonald, educated for a business career in schools of Europe as well as at Yale, has spent most of his time in recent years looking after the family estate.

Entombed Miner Rescued Today; Injuries Slight

SHAMOKIN, Pa., July 2.—(P)—Rescuers brought Enoch Kuklinski, Jr., to the surface today after almost 22 hours entombment in a 30-foot deep coal hole. Physicians said he suffered no serious injuries.

"Air, air, give me air," the 35-year old miner gasped through a towel over his face.

Swathed in blankets like a mummy, he was strapped to a plank and hoisted up the makeshift coal hole at the end of the chain slowly wound on a hand-turned windlass.

Kuklinski's 60-year-old father, who escaped being trapped only because he was working near the shaft when the gangway roof caved in yesterday, reached to embrace his son, but the rescue crew hurried him on a stretcher to an ambulance. The machine had been parked on a nearby bank of refuse coal, in readiness for the rescue.

LEAGUE OF NATIONS FAILURE AS PEACE GUARANTEE STRESSED

TRANSFORMATION LEAGUE INTO PURELY CONSULTATIVE AFFAIR URGED

By WADE WERNER
Associated Press Foreign Staff.
GENEVA, July 2.—(P)—Emperor Haile Selassie asked the League of Nations assembly tonight to approve a loan of \$500,000 to finance Ethiopia's defense of her "integrity."

The vanquished negus also presented to the assembly the draft of a resolution under which it would pledge itself to refrain from recognizing any territorial annexation achieved by force of arms.

Selassie went before the statesmen for the second time to plead for the seemingly lost cause of his African kingdom, now declared a part of the reborn Italian empire, by Premier Benito Mussolini.

GENEVA, July 2.—(P)—The Netherlands foreign minister, Dr. A. C. D. De Graeff, made an open bid before the League of Nations assembly today for adherence to

Accused in Cliff Death

Owens Egan (above), 25, faced a charge of murder after the fatal plunging of his sweetheart, Miss Leta Mae Tekle, from a 75-foot cliff near Waco, Texas. Haynes told police the girl jumped as he stood talking to her. She died without making a statement. (Associated Press Photo)

SENATOR SHEPPARD OPENS CAMPAIGN IN CORNICANA SATURDAY

LARGE DELEGATIONS FROM ALL PARTS OF STATE EXPECTED ATTEND

All arrangements for the address at the courthouse lawn Saturday night at 8 o'clock by United States Senator Morris Sheppard of Arkansas, formally opening his campaign for re-election, had been made Thursday morning according to A. F. Mitchell, one of those in charge of arrangements.

Mitchell received a telegram from Senator Sheppard Wednesday afternoon requesting no reception prior to the speaking engagement but stating "will be glad to meet friends at the hotel after speaking."

Large delegations are expected to be here for this occasion. Several thousand circulars advertising the address have been distributed in this section of Texas and the local committee has been advised delegations will be here from Bryan, Haines, Nacogdoches, Palestine, Waxahachie, Hillsboro and intermediate points.

Judge Rufus Hardy, Corsicana, former congressman, will preside at the meeting Saturday night and Judge Lee Jester will introduce the speaker.

Crawford Heads Reception
The reception committee as announced is headed by N. S. Crawford.

WATER CONSERVATION PROJECTS TO STEM INROADS OF DROUGHT IN MID-WEST AREAS BE PUSHED

CHICAGO, July 2.—(P)—Water conservation projects to stem the inroads of drought were pushed today while farmers considered the possibility that climatic changes might transform the United States into an arid nation.

WPA administrators in Minnesota, Montana, Wyoming and the Dakotas—the states most adversely affected by the drought that blanketed the principal agricultural sections of the nation—planned construction of dams to check run-off, conserve moisture and raise the water table.

The works progress organization's chief, Harry Hopkins, disclosed that more than half the work relief outlined for these states would be devoted to conservation undertakings. Employment of more than 25,000 distressed farmers was agreed.

Secretary of Agriculture Wallace pointed to the possible loss of fertility. Starting a personal inspection trip through the sun-scorched prairies of the Midwest at suburban Evanston yesterday, he cited the protracted dry spells of 1934 and 1936 and the "freakish" weather of the past seven years as threatening indications of a shift in climate.

He estimated 500,000,000 acres had been destroyed by water erosion and 150,000,000 more "seriously damaged" by "our carelessness."

Wallace, heading for St. Paul and Duluth, Minn., on his tour, asserted rainfall the next three weeks would determine whether the current drought would equal the destructive sieges of 1934.

Showers doused scattered sections of the Midwest and South. Torrential downpours resulted in Texas floods.

STATE SANITATION ENGINEERS FIGHTING PREVENT PESTILENCE

TWENTY-THREE DEAD AND MANY OTHERS ARE STILL MISSING IN SOUTH TEXAS

CUERO, July 2.—(P)—Full force of rampaging Guadalupe began to hit the Cuero section this afternoon when the rain-swollen river rose to a stage of 40 feet, 3 inches (1:30 p. m.) overflowing between 10,000 and 20,000 acres of DeWitt county farm land.

All highways were blocked except No. 72 to Yoakum. Some livestock losses were reported but no human lives were lost.

The river had been rising sharply, 18 inches an hour, since morning, and the Cuero Record said was expected to touch a peak stage of between 45 and 47 feet by 1 p. m. It was 29 feet last night.

There were no casualties reported but livestock and poultry losses were exceedingly heavy. This is the center of the Texas poultry industry and the flood losses to turkeys and chickens probably will run into thousands of dollars.

SAN ANTONIO, July 2.—(P)—The toll of known dead in Texas floods increased to 23 today with the discovery of bodies of two more Mexican children near Kyle Hays county.

Victims were Natalia, Gonzalez, 3, and Rodrigo, Garza, 5, drowned when Plum Creek rampaged and swept their home from its foundations.

Engineers turned their attention to dangers of pestilence in

Navarro County Rainfall Past 48 Hours 2.37 Inches

Rainfall here during the past 24 hours was .85 of an inch, bringing the total to 2.37 during the past two days. Some sections of the county report heavier rains.

The rain fell slowly in all sections of the county and no material damage has been reported. None of the major creeks overflowed.

Cloudy weather prevailed Thursday morning and there were occasional light showers but not enough to amount to anything. The clouds prevented evaporation and gave the soil an opportunity to absorb the moisture, making the rains much more effective.

FORMER U. S. NAVY PETTY OFFICER IS FACING SPY CHARGE

GOVERNMENT SAYS NAVAL DOCUMENTS SOLD JAPANESE NAVAL OFFICER

LOS ANGELES, July 2.—(P)—The government was prepared today to begin its prosecution of Henry Thomas Thompson, former yeoman first class in the United States navy, on charges of selling confidential naval documents to an officer in the imperial Japanese navy.

The government, claiming an "open and shut case" brought in an indictment eight days ago against Thompson and Lieutenant Commander Hoshio Miyazaki, accusing them of espionage. Miyazaki is supposedly in the Orient now.

Thompson, held in the Santa Ana jail since his arrest, declared the charges were "a lot of bunk."

"Sure, I knew Miyazaki, but I didn't know he was a Japanese navy officer," he said.

Japanese naval officials, remaining silent on the charges, admitted there is a Toshio Miyazaki who is a lieutenant commander in their forces, and said he is an instructor in the navy college at present.

Two years' investigation of the

FORTY THOUSAND OLD AGE PENSION CHECKS IN MAIL

FIRST PAYMENTS TO TEXAS
PENSIONERS TO BE RE-
CEIVED WEDNESDAY

AUSTIN, June 30.—(AP)—The Texas old age assistance commission planned to place 40,097 checks in the mails today—the first payments under a constitutional amendment and statute authorizing pensioning of needy persons over 65 years of age.

Orville S. Carpenter, state pension director, pointed out that subsequent monthly payments would be considerably larger in number as a result of completion of investigations and approval of additional applications. He estimated that by September 1 the number on the pension rolls would be 65,000 or more.

"We have endeavored to complete our investigation of the neediest applicants first," Carpenter said, "and believe that those who get checks will be in the main those who need the money the most."

Strikes at Politicians. The pension director struck back at political opponents Governor Allred who have criticized administration of the pension law. "As I see it," he said, "my job is to administer the law exactly as it is written. We are investigating applications for assistance as rapidly as we can. We have kept expenses as low as possible and still set up the necessary machinery to get the job done."

Carpenter said the pension organization had been so busy getting as many deserving applicants as possible on the rolls before July 1 that it had not calculated the amount of the average check. The checks will be \$9 to \$30, depending on the applicant's need. The director estimated that they averaged around \$18, which would mean that the old people would receive more than \$700,000. Half of the pension money will be supplied by the state out of liquor tax revenues and the other half by the federal government.

Cash at Local Banks. State Treasurer Charley Lockhart advised the pensioners to cash their checks at local banks. He pointed out that his department was not in a position to identify endorsements at all times where the local banks were.

Pension payments No. 1 and 2 were given yesterday to Frank Kainer, 108, and Mrs. Anna Kainer, 95, of the Weimer family, friends and relatives of the aged farm couple brought them to Austin to receive their checks in person from Governor Allred in a ceremony in front of the pension headquarters.

Mr. and Mrs. Kainer, native of Austria-Hungary but residents of Texas for 66 years, smiled their gratitude as Governor Allred pressed their hands and the monthly checks of \$25 to each of them would make them happy. Mrs. Kainer said they would spend the first checks for necessities, not save them as souvenirs.

SUITOR OF VICTIM
OF FALL OVER CLIFF
CHARGED IN MURDER

FISHERMAN TELLS OF HEARING
QUARREL AND LATER
FALL OF OBJECT

WACO, June 30.—(AP)—A fisherman's story and a charge of murder today confronted a 36-year-old man in the fatal plunge from a lonely "Devil's Backbone" of Leta Mae Tekie, 23, pretty department store cashier.

Owens Haynes, cableman for the Western Bell Telephone company, was charged yesterday as officers sought to piece together the story of Miss Tekie's fall from the 75-foot cliff near here.

L. L. Hewitt, who told officers he was fishing along the Brazos river at the time of the girl's fatal fall, gave them a statement detailing an argument he heard between a man and woman about 11:30 p. m. Saturday.

He said the woman cried out in the still night, "Don't do that," and beseeched the man to take her home. The man's words, he said, were indistinguishable.

The argument continued for some time, Hewitt related, and there was a few minutes of silence.

Then he heard, he said, the crash of something pumping down the side of the cliff. He said he thought it might be a large stone.

In a moment a car's motor started and an automobile drove away, he said.

Haynes declared his fiancée fell to her death when she broke from him as they talked near his car. He called officers, who pushed through heavy underbrush at the foot of the precipice and found the young girl's body barely conscious. Her lung was punctured and a leg was broken. She died yesterday.

Officers found bits of her blue dress and the heel of white shoe on stones and brush on the cliff side.

Haynes told officers he informed his fiancée he did not have enough money to get married. He said he had been ordered to Greenville and that Miss Tekie wished to go with him.

Mrs. Leta Vaughn, the girl's mother, denied Miss Tekie planned to marry Haynes. She said her daughter definitely had decided not to marry him. She described Haynes as extremely jealous.

Last night the accused man waived examining trial and bond was fixed at \$1,500.

Cream Supper

There will be an ice cream supper at Angus Friday night, July 3rd, sponsored by Hamilton Bee-man Cemetery Association. Regular candidate speaking date. Everybody invited.

UTAH COUPLE SLAIN TWO WOMEN BEATEN SEVERELY AT OGDEN

HUSBAND OF YOUNG WOMAN
SOUGHT AFTER MURDEROUS
ATTACK ON FAMILY

OGDEN, Utah, June 30. (AP)—Mr. and Mrs. Adam Snyder, gray-haired grandparents, were slain and Mrs. Snyder's 80-year old mother was beaten so severely she may die when a club-swinging killer attacked all three of them today—permitting only deaf-mute child to escape.

Police started a search for tall George Mortensen, 37, Salt Lake City cosmetics salesman. His wife, 35-year-old Grace Mortensen, daughter of the Snyders, also was slugged with a pick handle in the early-morning tragedy.

Police Sergeant L. M. Hilton said Mrs. Mortensen told him her husband followed her to the Snyder home last night after she left him "because he drank too much."

Mrs. Mortensen was not critically injured. It was feared her grandmother, Mrs. Emma Scott Rose, 80, would die of numerous cuts and bruises. Snyder was 62, his wife 58 years younger.

Police shocked at the scene of death and havoc in the Snyder home, obtained little information from the child witness to the crime—curly-haired Betty Becker, 8, daughter of Mrs. Mortensen by a previous marriage. Sergeant Hilton questioned Mrs. Mortensen with a pick-handle.

Police Sergeant L. M. Hilton said Mrs. Mortensen told him her husband, a cosmetics salesman, "drank too much" and that she left home in Salt Lake City Sunday to come to her mother, Mrs. Snyder.

She said, Hilton asserted, that Mortensen had followed her here and that she found him at the house upon returning from a movie.

The deaf-mute child, a daughter of Mrs. Mortensen by a former marriage, ran to a nearby store operated by Mrs. John Sabine shortly after 7 a. m.—about an hour, police conjectured, after the killing.

With difficulty, she finally made the woman understand and police were called.

Sergeant Hilton said he found Mrs. Snyder dead in a front bedroom—a "terrible gash across her face."

Her husband lay on the floor in an adjoining bedroom. He died as officers arrived.

Mrs. Rose was found on the bed in the room with Snyder. Sergeant Hilton said, "horribly gashed, but still alive." Mrs. Morrison lay on a couch in a front room.

Bedsteads on the bed and overturned furniture in a bedroom led police to believe Snyder was beaten there—later dragging himself into the second bedroom before he died.

STATE HELD LIABLE
FOR DAMAGES FROM
HIGHWAY BUILDING

PROPERTY DAMAGE FROM
OVERFLOWS MUST BE MET
HIGH COURT RULES

AUSTIN, July 1.—(AP)—The third court of civil appeals today held the state was liable for overflow damages to property by reason of construction of highways. It considered the first holding on the point by an appellate court.

Curtis Hill, assistant attorney general, said the ruling would affect a large number of suits where the legislature had authorized the state to build highways.

The decision was in the case of W. S. Hale and wife who obtained judgment of \$62,544.54 in a Travis county district court for damages to their 1,400-acre Keechi creek bottom farm in Leon county.

They contended construction of a temporary dump for a detour road by the highway department while building highway 43 caused damaging deposits of silt from overflow flood waters.

Affirming the lower court, the appeals court reformed the judgment to sustain damages of \$37,800 but altered the provision for interest. The lower court awarded \$147,452, calculated at six per cent interest compounded from September 1, 1927, to June 1, 1934.

The high court held six per cent interest should accrue until payment.

The court held that under the bill of rights the state was liable for damages incurred in public works, although there was no question of the power of the state to do the work if adequate compensation was made to the property owners.

Hale contended his farm had been permanently damaged and alleged the manner of erecting the dump had obstructed the natural flow of flood waters.

Rumored Duchess Of Kent Is Expecting Second Child Soon

LONDON, July 2.—(AP)—Mayfair heard rumors today the Duchess of Kent is expecting a second child.

Some sources suggested that might have been one of the reasons for a recent dental operation undergone by the duchess.

She has been seen but little in public for some weeks and has been living at Coppins Iver, Buckinghamshire.

A news magazine openly hinted little Prince Edward, who was born to the Kent last October 9, soon would have a playmate.

Sun Wants Ads bring results.

DECISION OF LEHMAN TO MAKE RACE FOR NEW YORK GOVERNOR BRINGS OUT MORE PREDICTIONS

WASHINGTON, July 1.—(AP)—Diametrically opposite predictions as to the result of November's balloting sprang today from Governor Herbert H. Lehman's decision to heed President Roosevelt's urging and seek re-election in New York state.

John D. M. Hamilton, republican national chairman, declared President Roosevelt would be defeated "no matter whom they get to run for governor in republican states."

Earlier, Democratic Chairman James A. Farley had said that Governor Lehman's decision, remained on vacation in Colorado, although finding time to confer about the campaign. Representative Eklund (R-Ore) told him yesterday that the "republicans have a mighty fine chance to capture the election this fall."

Heading westward toward his Idaho home today was Senator Borah, who still remained silent on his feelings with regard to the Lehman candidacy. He was tight-lipped too as to whether he will run for the senate again, but his friends expected him to be a candidate.

A slant on the constitutional issue was taken by Ogden L. Mills, Hoover secretary of the treasury. He said in a speech at New York that the constitutional amendment, advocated in the democratic platform if necessary to establish power over certain economic and social problems, would mean "the end of state's rights" and ultimately of individual liberty.

In some quarters—here, the belief was expressed that instead

THREE-GAME SERIES ARRANGED
WITH CHRYSTOLAX THIS WEEK

A three-game series here Saturday and Sunday have been arranged for Magnolia field between Magnolia Refiners and the Chrystolax nine of Fort Worth, according to an announcement Wednesday by Manager Hubert Joyner of the Refiners. Chrystolax won, 2-1, over the Refiners last Sunday afternoon in one of the most spectacular games of the current season here. The Fort Worth club is composed of a bunch of hustling youngsters.

The first game of the double-header Saturday, July fourth, will begin at 3 o'clock. Only one game will be played Sunday afternoon and it will start at 3:30 o'clock.

The chances of the Magnolia crew were dimmed somewhat this week with the announcement that Harris, first-sacker, would be out of the lineup in the series this week-end. He has been bothered with a shoulder injury for some time which interferes with his throwing arm. Harris is one of the mainstays as he has been charged with only one error while he has been clubbing the ball at a .346 clip.

Herchel McClanahan, former infielder with the Refiners, now with the Texaco club of Dallas, plans to spend the week-end here and probably will be in the Refiner lineup against the Chrystolax combination.

The hustling youngsters of Fort Worth are well worth looking over as they play a daring and aggressive style of ball. The Refiners will be seeking revenge for the loss last Sunday.

WOMAN IS FATALLY
SHOT THURSDAY BY
ANOTHER WOMAN

CHICAGO, July 2.—(AP)—A well-dressed woman entered the apartment of Miss Annabelle Blake, 35, in a near North Side hotel today, and after a brief conversation drew a pistol and shot Miss Blake fatally below the heart. It was reported to the Chicago avenue police.

Miss Blake died before aid could reach her.

Harold Knox, the hotel manager, said the slayer had made inquiries about apartments.

After being shot, Miss Blake was able to call the switchboard operator and cry, "Help, I've been shot." Knox and other rushed to her room and the intruder was seen running down the stairway to the lobby. She entered a maroon coupe waiting at the curb and was driven away.

The apartment hotel was about a mile northwest of the hotel where Mrs. Florence Thompson Castle, 24, night club entertainer, was beaten to death mysteriously Monday morning.

The police said they learned Miss Blake formerly was employed by a cosmetic company.

The slayer was described by

Mustard, quart 10c
Syrup, pure cane, gal. 45c
Corn Meal, fresh, 20 lbs. 35c

Vegetable Shortening 4 lb. carton 45c

Roast, young and tender, lb. 16c

Pork Chops, small and lean, lb. 25c
Steak, Veal Chops, pound 19c

HEAVY RAINFALL IN ALL PARTS COUNTY ASSURES FEED CROP

PRECIPITATION SUFFICIENT
FOR ALL PURPOSES;
SOME CORN SAVED

Showers that started falling over the county Tuesday afternoon developed into a general rain Tuesday night. In Corsicana the rainfall for the 24 hour period ending at 7 o'clock Wednesday morning was 1.52 inches. Kerens had 1.85 inches up to 6 o'clock Wednesday morning. The reading at the city lake at 7 o'clock was 2.16 inches and Dawson had 2.23 inches up to 8 o'clock Wednesday morning.

Showers Tuesday afternoon were largely responsible for the variations in the readings. The rainfall at Dawson Tuesday afternoon was .88 of an inch.

The rain assures a good feed crop for Navarro county. It came too late for some of the corn, but some corn will be benefited. The extremely hot wind of Sunday, June 21, started corn to withering, but the cooler weather of the next few days stopped the rapid deterioration and the rains came in time to develop the crop to some extent.

Row Crops Assured. No more rain will be needed to make row crops upon which the farmers of the county were depending mainly for feed this year. Hegart and maize are rapidly taking the place of corn as a feed crop in this section. These crops serve a double purpose. They take the place of corn and also furnish hay. They are also more dependable and more adapted to this climate. The rain also assures good sorghum and other hay crops.

Cotton never had suffered from the dry weather of the past few weeks. The crop had been well worked out following the heavy rains of May 28 and 29 and was growing well. Some cotton is later than the average but not late enough to make any material difference.

Very little more rain later in the season will be needed to produce an excellent cotton crop in Navarro county. There is a slight increase in cotton acreage of the year over last and conditions to date are as favorable, or more so than last year when the farmers raised over 50,000 bales.

Farmers will wind up their work rapidly when the ground is dry enough to work and will enjoy a short vacation before the harvesting of the feed crops start.

Rain Fell Slowly. None of the major creeks of the county were reported out of banks at noon Wednesday. The rain fell so slowly that most of it was absorbed by the ground.

Rain fell slowly Wednesday morning in all sections of the county and the total fall in some sections will doubtless reach three inches. More than two inches are expected in Corsicana. Over-are expected in Corsicana. Over-hanging clouds presented "steaming" and helped to keep the temperature down as well as give the soil and opportunity to absorb more of the moisture.

No damage has been reported from any section of the county from any section of the county by wind, the rain, starting from the showers, fell like an autumn rain instead of the usual blustery summer type.

Lawns in the cities will be revived and the owners relieved of watering for several days.

Cream Supper

There will be an ice cream supper at Navarro, Monday, July 6th, benefit of the Baptist church. Regular scheduled candidates speaking date. Everybody welcome.

Notice to Tax Payers

By authority of the Commissioners' Court of Navarro County, Tex., Notice is hereby given that said court will convene as a Board of Equalization on Monday, July 27, 1936, at 10 o'clock a. m. and will be in session July 27, 28 and 29.

FORMER HEIR TO SPANISH THRONE SEEKS ANNULMENT

NEW YORK, July 2.—(AP)—Count Alfonso Covadonga's lawyers drew up today an action to annul his marriage three years ago to a Cuban commoner, a match opposed by Covadonga's father, Alfonso, exiled King of Spain.

But it seemed a question who would get in the first formal blow at the union—the count, in New York, or his wife, in Havana.

An attorney, who did the talking while the erstwhile heir to the erstwhile Spanish throne contemplated the bowl of his pipe, issued a statement to document the chilling of the count's romance with the former Edelmira Sampedro, daughter of a wealthy Cuban.

The statement denied the count's family had a hand in this turn of events. It said the annulment action is "about to be commenced." Of the countess' own announcement in Havana of an intention to seek divorce there on grounds of "incompatibility" the statement commented:

"Apparently word of this (the annulment move) has come to the countess and she seeks to anticipate such action on the part of the count. The count will oppose the action on her part on the ground that he is the aggrieved party."

The county were reported out of banks at noon Wednesday. The rain fell so slowly that most of it was absorbed by the ground.

Rain fell slowly Wednesday morning in all sections of the county and the total fall in some sections will doubtless reach three inches. More than two inches are expected in Corsicana. SAN ANGELO RULED DRY TERRITORY BY HIGH COURT TODAY

OPINION RENDERED IN SUIT
SEEKING FORCE GRANTING
LIQUOR LICENSE

AUSTIN, July 1.—(AP)—The third court of civil appeals ruled today that justice precinct No. 1 of Tom Green county, embracing San Angelo, was dry territory under local option.

Denying Roy T. Tally a mandamus to force the liquor control board to grant a package store license, the court held that adoption of local option prohibition in commissioners precinct one, boundaries of which were identical with the justice precinct, made the area dry under provisions of the 1935 constitutional amendment.

The commissioners precinct voted local option in November, 1918. Tally contended the repeal amendment preserved the dry status of areas only as to counties, justice precincts, cities and town, and not by commissioners precincts, which he alleged became wet with effectiveness of the change.

Tally also attacked validity of an election in justice precinct one last January in which the form submitted was for dry territory. The area voted dry.

"The 1935 election held therein," the court said, "and defeat the assumption that it was dry territory, was regular, and it continued to remain dry territory."

The court observed that the

A

PRIZE WINNERS ARE ANNOUNCED IN 4-H COUNTY CLUB WORK

ONE OF BEST MEETINGS IN HISTORY OF WORK IN COUNTY TUESDAY

Prize winners in the various contests staged during the year are also at the summer 4-H Club rally Tuesday were announced Wednesday by County Agents C. C. Morris and Ruth McVabb. The agents also reported one of the most enthusiastic and well-attended meetings in the history of the work in this county.

The following were named to represent this county as a crop judging team at the annual short course at Texas A. and M. College: Robert Phillips, Corbett, McDonald, Bryan, M. Hutchins, Fursley, and Dubart Davis, Roane. Members of the livestock judging team will include Charles Baker, Bryan, Preston Frost, M. Nelson, and Kelly Cook of Roane. Members of the meat cut identification team will include J. L. Watts and John McKinney of Oak Valley, and Billy Roy Wythe of Purvis.

Edmondson, aged 16, of Parsley, was awarded first prize in the amateur entertainment contest staged at the rally Tuesday and will represent the county at the short course. He is a clarinetist. Six boys and six girls representing an even dozen clubs were entered in the contest.

Winners in the bedroom improvement contest, one of the major activities for members of Girls' 4-H Clubs were announced as follows:

1. Almaren Buzon of Rice; 2. Vernon Hodge of Oak Valley, and 3. Bonnie Ruth McCullough of Fowler.

W. W. Orms, district extension service agent, was a visitor at the rally.

GARNER RETURNED TO BORDER AFTER MONTERREY VISIT

MONTERREY, Mexico, July 2. (AP)—Vice President John N. Garner of the United States, received in Mexico with head-of-state honors and a thorough baggage examination, returned to the border today.

When he left 60 automobiles bearing 150 citizens of the United States and Mexico started for Victoria, en route to Mexico City, over the new international highway under dedication.

Mr. Garner and his fellow citizens were enthusiastically received when they arrived yesterday.

When the motorcade started south, Mr. Garner said: "I am very disappointed that I am unable to go to Mexico City."

Although the government instructed that he be honored as a visiting chief of state, the customs and immigration officials at Nuevo Laredo apparently were not advised. They gave his baggage a most searching examination.

Here, however, he received a 21-gun salute by the military garrison and was banqueted by Gen. Juan Andrew Almazan, commander of the zone.

LONDON ELECTION IS PREDICTED BY WYOMING SENATOR

ESTES PARK, Colo., July 2. (AP)—Senator Robert W. Carey (R-Wyo.) predicted today, Governor Alf M. Landon of Kansas, republican presidential nominee, would be elected in November "because he is a regular American."

Senator Carey came here to confer with Landon concerning land and reclamation problems of the western states and campaign strategy.

Meanwhile, Governor Landon turned his attention from sight-seeing, fishing and "just loafing" to the serious business of mapping campaign strategy for the fall election.

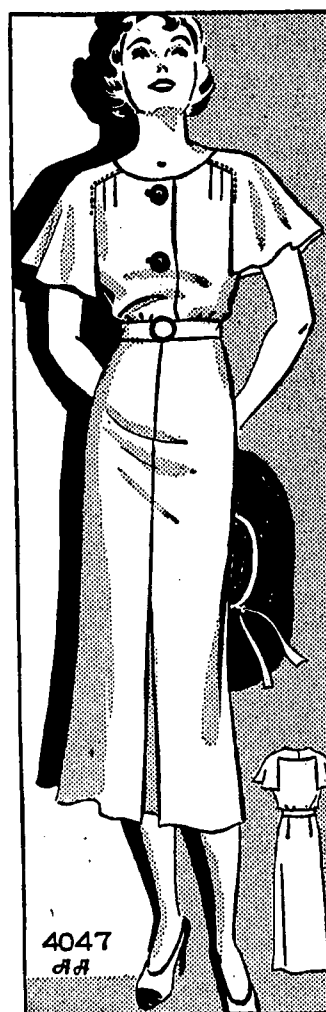

Three members of his campaign staff—Charles P. Taft, son of the late President Taft, Earl H. Taylor, former associate editor of the Country Gentleman, and Ralph West Robey, Columbia University economist—were expected here from Topeka, Kansas, about noon Friday, the governor will entertain Colorado republican leaders and W. D. Bell, New York chairman of the republican national finance committee, at a luncheon conference.

Personal

R. R. Owen, local attorney, was a Waco visitor Thursday appearing before the Court of Civil Appeals, Tenth Supreme Judicial district of Texas.

MAKE THIS MODEL AT HOME

THE CORNICANA DAILY SUN DAILY PATTERN

SIMPLE FROCK WITH SMART LINES REQUIRES BRIEF TIME FOR MAKING
Pattern 4047

by Anne Adams

By far the perfect frock for warm weather events—is this delightful Anne Adams style, Pattern 4047. No occasion can ruffle this casual model, for its cool charm, simple lines and fetching accents make it indispensable to your summer wardrobe. You'll surely want several versions, either in pique, muslin, percale, or soft shantung, for you can run up two or three in a surprisingly brief time. Unusual buttons are a nice touch on the shirtwaist type bodice, and tiny tucks assure plenty of fullness for free arm movement. There's nothing cooler than caplets and these are all in one with the simple yoke, while the trim, smart skirt boasts a wide inverted pleat.

Pattern 4047 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 3 1/2 yards 36-inch fabric. Illustrated stop-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number.

BE SURE TO STATE SIZE. Order our New Anne Adams Pattern Book and let us show you how you can make a smart summer wardrobe that's just your style! The latest frocks, suits, blouses; beach and vacation clothes; bridal outfits. Lovely clothes for children, too. Smart styles for stunts. And a full picture-story of summer fashions and accessories. Book Fifteen cents. Pattern Fifteen Cents. Twenty-five cents for both, when ordered together.

Address orders to The Daily Sun, Pattern Department, 245 W. 17th St., New York, N. Y.

WISE COUNTY FOLK TEXAS CENTENNIAL HONORED VISITORS

DALLAS, July 2. (AP)—Wise county citizens, coming to Dallas in a motor caravan, were honored visitors to the Texas Centennial exposition today.

A thorough going tour of the show and a special program was prepared for them. In addition, Centennial officials listed a performance of rough riding and a musical drill by Troop F of the Fifth Cavalry as part of the day's program.

Sporadic showers broke into attendance yesterday. The cool, pleasant weather brought out 2,024 to the exposition, a drop of about 10,000 or 12,000 from the daily average. The grand total went to 1,205,922.

Instructions For Ginners Seeking Bankhead Act Pay

Application blanks and complete instructions for ginners seeking compensation for extra work involved in carrying out provisions of the Bankhead act for 1935-36 have been received in Corsicana and are now available, according to County Agent C. C. Morris. Navarro county ginners desiring the blanks may secure them by calling at the county agent's office.

Popular Young Minister Weds Canyon, Tex., Girl

Announcement is made of the marriage of Rev. Jimmy Morgan to Miss Ruth Baker, on Friday evening June 26, at the home of Rev. J. R. Hicks, pastor of the First Baptist church of Canyon, Texas, in the presence of the immediate family and a few close friends.

The bride is the daughter of Mr. and Mrs. J. C. Baker of Canyon. For the past two years she has been a student of the West Texas State Teachers College, having been active in phases of religious work, especially B. T. U. Mrs. Morgan is a talented musician and has a lovely voice.

Rev. Mr. Morgan is a graduate of Baylor University. He is the son of Mr. and Mrs. C. L. Morgan of Hillsboro. He has been the pastor of the First Baptist church of Mildred for the past nine months. He has won the love of all with whom he has come in contact. He is popular as well in Corsicana. The church at Mildred has grown from a mission to an independent church under the capable and prayerful leadership of this young preacher.

Rev. and Mrs. Morgan will be engaged in a series of revival meetings during the remaining part of the summer. At the close of the summer they are to go to Baylor. Rev. Mr. Morgan will do graduate work and Mrs. Morgan will study for her B. A. degree. Their host of friends predict a happy and successful future for them.

FEDERAL FINANCIAL PICTURE IMPROVED DESPITE BIG DEFICIT

SECRETARY MORGENTHAU SHOWS EXPENDITURES PAST YEAR DOUBLES RECEIPTS

WASHINGTON, July 2. (AP)—The "nation's stockholders" had before them today a report by Secretary Morgenthau saying that while expenditures during the past 12 months were more than double receipts, the fiscal picture has improved.

The treasury department, in a radio report last night of federal finances for the year ended June 30 placed receipts at \$4,116,000,000 and expenditures, exclusive of debt retirement, at \$8,500,000,000, leaving the year's net deficit at \$4,384,000,000.

At the same time he declared the nation "may derive real courage and satisfaction" from his report of a rise in national income an increase in federal revenue, a decline in federal spending and a continuance of business improvement.

Against the public debt, which he fixed at \$33,750,000,000, the cabinet member listed recoverable assets of \$8,750,000,000. Asserting the government must estimate receipts and expenses six months in advance of the fiscal year's opening, he declared there were "unforeseen and extraordinary events." Among these he included a revenue loss of nearly a half billion dollars as a result of the supreme court's invalidation of the agricultural adjustment act, and prepayment of the soldiers' bonus, at a cost of \$1,700,000.

Full Holiday At Postoffice Saturday For Fourth of July

Following the usual custom, the Corsicana postoffice will be closed to the public all day July 4th. No mail will be delivered by either rural or city carriers, and only the collection will be made in the business district of street letter boxes. This collection will be made at 6 o'clock p. m. Incoming mail will be worked and placed in locked boxes, and outgoing mail will be dispatched as usual. Windows will not be opened.

Firing Squad Named And Death Chair Is Ready for Murderer

SALT LAKE CITY, July 2. (AP)—The firing squad has been selected and the death chair dusted off, that murderer Delbert Green may die at dawn July 10.

Last night the stoic slayer of three learned that his commutation appeal to the state pardon board—the last of six years of such attempts to save him—had been denied, and that he must face his executioners.

Layton, a grass-grown village near the Saline shore of Great Salt Lake, was the scene of Green's crime of six years back—the jealousy-murder of his 18-year-old wife, her mother and the mother's husband.

COTTON RESEARCH FOUNDATION SOUGHT ORDER TO SAVE CROP

MEMPHIS, Tenn., July 1. (AP)—A move to enlist southern farmers and business men in establishment of a cotton research foundation gained momentum today with predictions that the south is on the threshold of a new economic era.

Declaring that cotton "is a failing and dying crop" that can be saved only by finding new uses to increase consumption, sponsors of the plan set about today to gain support for the foundation backed by Memphis business men who pledged \$5,000 as a starting fund.

"Unless cotton consumption is increased," David Cohn, Mississippi author, told a meeting of Memphians, "the only alternative is governmental support, which means restriction of acreage and ultimately regimentation."

"Cotton consumption can be increased only by research which will widen the market for cotton in the United States and world markets."

It was proposed to finance the foundation by a voluntary tax of five cents per bale on cotton and 5 cents per ton on seed to be shared by planters and handlers.

outgoing mail will be dispatched as usual. Windows will not be opened.

STATE CONTINUES LINK DEATHS WIVES MARRYING BARBER

LOS ANGELES, July 2. (AP)—The state, moving steadily ahead in its trial of Robert James for the murder of his seventh wife, backtracked again today to the strange death of the red-headed barber's fifth mate.

Deputy District Attorney Eugene Williams, with suave mannered James listening idly by, indicated to the jury in superior court he was trying to draw a weird parallel between:

The death of wife No. 5, Wil-

sona, who was injured in a barrowing automobile accident on Colorado's Pike's Peak in 1932 and then drowned in a bathtub at Manitou, nearby, and the death last summer of wife No. 7, Mary, whom the state charges was tortured by rattlesnakes and black widow spiders, and then drowned in a fish pond.

The prosecution accused James of plotting the deaths of both wives to collect thousands of dollars in insurance.

Women Form Party To Seek Election Alf M. Landon

TOLEDO, O., July 2. (AP)—Members of the newly-formed Independent Coalition of American Women returned to their homes

today to launch an announced house to house canvass of every precinct and township in the United States for Alf M. Landon for president.

The organization, for which Mrs. Mabel Jacques Eichel, national director from Wilton, Conn., claimed the blessings of John Hamilton, republican national chairman, planned no further meetings before the November election.

Mrs. Eichel at the closing session yesterday set a goal of 1,000,000 members by November.

Enlisted in Army. Announcement has been made that Wesley E. King, son of Mr. and Mrs. Johnnie W. King, 816 South Sixteenth street, Corsicana, has enlisted in the United States army and has been assigned to the Field Artillery at Fort Sill, Okla.

Dresden

DRESDEN, July 2.—(Spl.)—Mr. and Mrs. Luther Arnold of Raleigh spent Sunday with Mr. and Mrs. Jim Herring.

REAL NEW HOMES BEING CONSTRUCTED IN CORSICANA AREA

NUMBER OF OTHERS BEING REPAIRED, REPAINTED AND REPAIRED

A number of new homes are being built in and around Corsicana, and many other houses are undergoing repair work, re-roofing, repapering and re-painting.

The largest house being built is that of Mr. and Mrs. J. J. Bryant on West Third avenue. The house is to have nine rooms, of which the level of frame construction, and will be insulated against heat and cold with U. S. Gypsum blanket type mineral wool. A large fan is to be installed in the attic to circulate air during the hot summer months.

A. E. Foster has the contract, and materials are being furnished by Whiteside Brick and Lumber company.

The home of Henry Slate, on the cut-off between highway 75 and the Emhouse pike, north of the city, is nearing completion. R. E. Smith has the contract, and J. W. Sheppard is in charge of construction. The materials for this job are also being furnished by Pickering Lumber company.

Another house is being built by J. W. Sheppard, contractor, for E. P. Speed, about a mile west of the city on the Oak Valley road. The materials for this job are also being furnished by Pickering Lumber company.

WHEAT

(Continued From Page One)

was closed yesterday because of a holiday. The three cents limit permitted for one day. Minneapolis September wheat sold above \$1.12, up about two cents. Liverpool prices were up more than two cents.

Official reports said the huge Canadian wheat crop was at the danger line, with rain needed badly in many sections of the prairie provinces. Drought has been a factor in the spring wheat crop, but many traders fear this country would continue on an importing basis through the coming season. Inasmuch as the huge Canadian surplus was the chief reliance of importing countries, traders said the welfare of wheat in Canada was of extreme importance as a price factor here.

All wheat futures sold at new top levels for the season in Chicago and corn, advancing two cents, also reached new highs. Sensational crop losses in the drought areas northwest were indicated in the first July unofficial crop estimates released today by Mrs. E. H. Miller, widely recognized authority. This estimate placed the spring wheat crop at 122,800,000 bushels, including 12,471,000 bushels of durum. This represents a reduction of almost 100,000,000 bushels from Mrs. Miller's report last month.

DAWSON

(Continued From Page One)

Waco was the low bidder on the dam while W. D. Clark, Wichita, Kan., was low on the distribution system.

The contract and bids now go to the PWA officials for approval. The lake site is located on the Farmer and Sims land one and one-half miles southwest of Dawson. The water will be brought to the city limits by gravity and will then be sent into the mains by electric pumps. The lake will give Dawson a five-year water supply and will replace the present fast-diminishing deep wells that have turned salty, it was reported.

The revenue bonds will retire the debt without property tax. The lake will be fed from a terraced 700-acre watershed.

Hawley, Freeze and Nichols of Fort Worth are the consulting engineers on the project.

LOUISIANA

(Continued From Page One)

the controversial history of the levy, and followed a two-hour caucus of representatives before the house met.

The issue was whether the oil refining levy should be reduced to 1 cent. Only one cent has ever been collected because of a resolution Long had the first 1935 extra session adopt authorizing the governor to suspend collection of portion of the tax, which after being enacted aroused warm indignation in east Baton Rouge Parish where the Standard Oil company operated a big refinery.

Rep. C. A. Morvant, of administration leader, called up for passage a Leche bill to reduce the levy.

Governor Leche hurried to the house floor from his office to watch the fight. Lieutenant Governor Earl K. Long was also present, moving up and down aisles.

When he proposed the reduction resolution, Long said the Standard Oil had agreed to use more Louisiana crude.

Rep. J. C. Bule of Franklin got the floor.

"I am not one of those narrow individuals who insist on petting out big business," he said.

"I believe that the Standard Oil as well as other big businesses have been taxed sufficiently, and I would oppose any further taxation that would impose greater burdens upon them."

Senate Cuts Natural Gas Severance Tax

BATON ROUGE, La., July 2. (AP)—In a surprise move today the proposed severance tax on petroleum products was increased in the severance tax on natural gas was slashed in half before the senate adopted the revenue measure and sent it back to the house for concurrence in the reduction.

Before Senator Rodney Woods of New Orleans, who was presiding in the absence of Lieutenant Governor Earl K. Long, called for the vote, Senator James A. Noe, who has opposed several administration proposals, particularly the two per cent "luxury" sales tax bill, said:

"My good friend Senator Peltier recently insisted that I opposed all taxes on gas. I said then and I say now that I'm not against taxes and I'm going to vote for this bill because it is a good bill and I'm levied against persons who are able to pay it. In that respect it is different from the sales tax which goes on cans of beans, toothbrushes and things like that."

"It has taken six weeks to get the senator from Monroe to fall in line," Senator Peltier replied. "I am sorry that when one man goes back in line another has to step out," Senator Peltier said, "but I can't support this bill as it is amended. It raises the tax on sulphur a ridiculous amount and for no good reason. I have no sulphur in my district in packages," he continued, "and have no interest in sulphur, but I can't support this ridiculous, outlandish rate."

EXPLOSION

(Continued From Page One)

knew there should be. So I hurried to the scene."

The superintendent said the bodies of the laborers were "scattered for a hundred yards about the countryside."

He estimated that three-fourths of a case of dynamite had been exploded.

That much dynamite, he said, had been moved to the bridge this morning, where workmen were preparing to blast out an old concrete bridge bed preparatory to erecting a new bridge.

The superintendent said there were no eye witnesses.

Speaking Date Is Postponed July 10

The scheduled speaking date at Bryan school (Drane) Thursday night for district, county and precinct candidates was postponed Thursday afternoon until Friday night, July 10, due to inclement weather conditions and impassable roads, according to an announcement by J. L. Baker. The ice cream supper will be held on the new date.

LEAGUE

(Continued From Page One)

the United States and other nations.

He advocated the elimination of all sanctions from the league's peace machinery and suggested transformation of the covenant to an agreement of a purely consultative type.

His proposal, which created a stir in the assembly chamber, implemented the idea that they league sanction which should be maintained was that of internationally expelling any aggressor.

The League of Nations has hated a false sense of security which must be remedied. The international body will not be destroyed," Stanley Bruce of Australia told the assembly today.

Would Need Military Action

Bruce asserted effective action against Italy would require military action, to which he wants to resort.

Agreeing that sanctions failed and should be lifted, the great power which in which the league system is adapted to international politics.

Repeated failure of the league efforts to halt wars in which great power was involved, in which Danish Foreign Minister H. Munch, suggests the league's hope of achieving world peace in promoting conciliation between powers rather than arranging structure combinations against aggressors.

Dr. Giuseppe Motta of Switzerland, urging the abandonment of sanctions against Italy, would declared no effort should be expected to achieve league unanimity.

July 10 Date Mentioned.

Assembly circles mentioned July 10 as the date on which the league of sanctions would be effected.

League circles conceded generally the net result of the sanctions, launched almost a month ago to rescue Ethiopia from fascist "aggression," would be:

1. The war penalties will apply.

2. Italy will remain in fascist control of the East African kingdom.

3. The league will refuse to recognize Italy's annexation of Ethiopia.

SOUTHEAST DROUGHT MAY BE BROKEN BY RAIN IN SHORT TIME

ATLANTA, July 2. (AP)—A well-developed rain center moved toward the drought-stricken southeast today promising substantial relief for parched farms in this section.

George W. Mindling, in charge of the Atlanta weather bureau, said prospects were more "promising" than anything for the past several weeks, for breaking the two months' drought.

Farm damage in the southeast—skipped by precipitation of worth since early April—is estimated by farm experts as high as \$150,000,000.

"The same storm that caused floods near San Antonio brought showers yesterday over much of Texas, Arkansas, Louisiana, Mississippi and western Tennessee," said Mindling.

Generally cloudy conditions prevailed today from the west coast northward to St. Louis.

RENE BUZAN HER BEDROOM REALLY ATTRACTIVE

MATERIALS AT HAND SUCCESSFULLY USED BY RICE FOUR-H CLUB GIRL

By RUTH McNABB
Navarro County Home Demonstration Agent.

Almarena Buzan, bedroom improvement demonstrator of the Rice 4-H Club, won first place in Navarro county in the bedroom improvement contest which automatically entered her in the district contest and makes her eligible to attend the short course at College Station in July. This contest was conducted under the direction of the extension service of the A. and M. College of Texas with the county home demonstration agent in direct charge.

The purpose of such a contest was to encourage each club girl in having an attractive, comfortable room of her own, a room which meets her needs and one which expresses her personality.

Since enrolling as the bedroom improvement demonstrator in her club last December, Almarena has been making a dressing center of apple wood and made a stool from a small keg by padding the top with cotton and covering it with black oil cloth to match the top of her dressing table. The keg and dressing table were furnished with material to go with the other coloring in the room.

In order to have shelves for books and magazines, Almarena took an old bookcase and removed the paint with a lye paste. Next, she washed it with clear water and then finished the process by rinsing the bookcase with vinegar water. It was then finished with two coats of varnish.

Remodeled Chair.

She then turned her attention to the remodeling of a chair. Taking an old quilt and some cotton, she padded the chair well, covered the quilt over it and covered it entirely with cretonne. As added comfort she made a foot stool out of an old box by padding the top of it and covering it with black oil cloth.

For her bed, Almarena provided four sheets, four pillow cases, pillow protectors and a mattress pad.

Using a pattern, obtained from the home demonstration agent, she made a shoe rack and after varnishing it, placed it in her clothes closet.

Almarena chose her clothes closet in which to locate her bathing center. This closet was a very large one, having three shelves on which she kept her hats, scarfs, bed linens and towels. Clearing the lower shelf, she placed on it her wash pan, water pitcher, cup and soap. A bucket for waste water was placed in the room. Owing to the bigness of the closet, she was able to add a tub to complete the bathing center.

To complete her bedroom improvement, Almarena first varnished then waxed the floors.

The expenditure for her room was \$5.48.

In the reply to the question

Borah Refuses to Amplify His Plans For Campaign Year

CHICAGO, July 2.—(AP)—Senator William E. Borah of Idaho intends to make his first pronouncement on the Republican and Democratic monopoly plans in a speech July 4 at Twin Falls, Idaho, he said in an interview Wednesday.

"I shall likely say that both parties have been converted," the senator said as he stopped between trains en route to his home. He added:

"I worry is, will they carry it out?"

Whether or not he decides to run for re-election, Senator Borah said, he would not discuss personal affairs in his first two addresses upon his return to Idaho.

Asked if he planned to continue discussing national issues, the senator said:

"Under whatever circumstances I speak, you may safely predict that I will discuss the issues of monopoly, money, and international relations."

asked other bed room demonstrators in the county as to what they valued most in their rooms the following answers were given:

Eleven year-old Vernon Hodge of the Oak Valley 4-H Club said that the prized her pillow protectors and mattress pad.

Bonnie Bell McCullough of Powell replied that her dressing center made by remodeling an old dresser was her pride.

Mary Frances Atkinson of Bryan prizes her dressing center and clothes closet.

Enjoys Clothes Closet.

Mary Elizabeth Hellums of Pursley is enjoying a clothes closet built of wooden crates and papered over to match her room. It contains shelves, rod, and shoe rack. The whole family is enjoying it.

Sarah Lou Evans of Headquarters has so many things she prizes in her bedroom. Probably her clothes closet and a tufted bed spread are the most prized.

Allene Wesson of Bazette is proud of her pillow protectors, mattress pad and pretty floor.

Edna De Ruzha of Barry has a mattress that she is proud of as well as a dressing center.

Marie Quinn of Long Prairie provided a good reading lamp for her desk.

Betty Lou Burton of Richland is proud of the beautiful floor in her bedroom.

Mary Frances Scruggs of Griffin 4-H Club has a nicely arranged room with her dressing table so the light falls on her face when dressing.

Odele Bennett of Mt. Nebo is proud of her attractive dressing center made of boxes which she covered with a print.

COMMITTEES NAMED FOR ENSUING YEAR BY ROTARY PRESIDENT

At Wednesday's luncheon meeting of the Rotary Club at the Navarro hotel, officers for the 1936-37 year were installed, and President Fred Blucher appointed his committee for the year.

Other officers include E. W. Ellis, vice-president and Karl R. (Abe) Blackwell, secretary-treasurer.

The following committees were appointed by President Blucher:

Membership: Lowell Estes, chairman; Franklin Seale and George F. Baum.

Club service: J. Stanford Halley, chairman; Felix Irwin and Cleo G. Miller.

International Rotary: Wm. Elliott, chairman, and A. B. Dawson.

Community service: Charles Willman, chairman; Carl Patterson and Jack Mergenthaler.

Vocational service: Monty Davidson, chairman and Dr. O. L. Smith.

Student Loan Fund: Ted B. Ferguson, chairman; Ralph Tatum and J. N. Garitty.

Boys work, and crippled children: Joel C. Trimble, chairman; Harry Montgomery and Sam Daiches.

Classification: James McCammon, chairman; A. L. Springfield and Dr. R. C. Curtis.

Rotary education: Beauford H. Jester, chairman; B. A. McGlathlin and B. A. Jeffries.

Fellowship and attendance: B. A. McGlathlin and Billy Apperson.

Program: Terry McCary, chairman; Stormy Davis and Seton Holsley.

Sergeant-at-arms: Billy Apperson.

OFFICIAL SPEAKING DATES ON SCHEDULE FOR CANDIDATES

Several official speaking dates appear on the schedule for the precinct, county and district candidates during the week end.

The four dates for the remainder of the week include Thursday night at Bryan (Drane), Friday night at Angus, and Saturday a doubleheader attraction at Chatfield Saturday morning and at Alligator Saturday afternoon.

Monday night, July 6, the candidates will go to Navarro.

In addition to the political gatherings in which the precinct and county candidates participate, there will be a couple of state and national candidates here.

Odell Sandford of Belton, candidate for the gubernatorial nomination, will speak at the courthouse Friday night in the interest of his candidacy while U. S. Senator Morris Sheppard of Texas will open his campaign for re-election at the Navarro county courthouse Saturday night. Plans are being made by the local committee to insure a large crowd for Saturday night.

FLASHES OF LIFE

(By The Associated Press)

Cliff Dweller.

PHILADELPHIA—Warren Jackson, seven years old, chose a 45-foot cliff to test his mountain-climbing propensity.

Thirty-five feet up, he stopped. He couldn't get up; he couldn't get down.

Fireman William Haas and a ladder ended the expedition safely.

Taming Fish.

LAKELAND, Fla.—Twelve-year old Elinor Wilson evolved new fishing technique but it's not recommended for use on sharks.

While Elinor was in swimming a three-pound bass started nibbling on the bright metal buckle on her bathing suit. She grabbed the fish by its fins and waded to shore with her prize.

Firm Fathers.

SALT LAKE CITY—Fifteen-year old Avarad Both told the city commission: "My cousin sent me a bunch of firecrackers. I know it's against the law to set 'em off, but I don't want to throw 'em away. I'd sure like to shoot 'em off, if it would be okeh with you."

Said the commission: "Petition denied."

Corporation Court.

One charge of double parking, one of parking a truck parallel to the curb on the wrong side of the street, one of intoxication and disturbing the peace, and one of intoxication appeared on the docket of the Corporation Court Thursday morning for the action of Judge A. H. Willis.

Cream Supper

There will be an ice cream supper at Post Oak, Friday, July 3rd, for benefit of the church. Everybody invited.

HOME CLUB WOMEN OF NAVARRO COUNTY MET LAST SATURDAY

The women's Home Demonstration Club council met in regular session at the Y. M. C. A. in Corsicana, June 27, with 16 present and four visitors. Eleven clubs were represented.

Chairman, Mrs. O. K. Vinson, called the house to order. After a short session of business the A. and M. short course was discussed.

Mrs. O. K. Vinson was elected as the delegate to the short course representing the women's council. Numbers were drawn to see what club could send a delegate, as only eight women can go from Navarro county.

The rally day was set for July 31 at the city park in Corsicana. The dress for the style show is to be worn up there.

Mrs. Dobbins gave a report on an exhibit at Dyer's dry goods store of dresses made from the foundation patterns on the girls club. Mrs. Willis, sponsor of the girls club, gave a report of their meeting. The best wardrobe and bedroom demonstrators will attend the short course.

The next council meeting will be the third Saturday in July. All business being disposed of the meeting adjourned.

—Reporter.

Jones Ranch Club.

Mrs. A. F. Allen, assisted by her daughters, Misses Wilma and Ruby Lee, was hostess to the Jones Ranch Home Demonstration Club, June 17, with eleven members present.

The club voted to have a picnic for their families on June 26 at the Jones Ranch tabernacle.

Miss Ruth McNabb had charge of the program on simple table service and vegetable cooking. By her demonstration on cooking cabbage we learned that cabbage and a great many other vegetables are over cooked instead of being cooked only long enough to be tender and good. Less food value is lost in the shorter cooking period and the color and texture of the vegetable is better.

The next meeting of the club will be in the home of Mrs. R. E. Brinson July 10.

—Reporter.

School Holiday.

Announcement was made today that a holiday will be given summer school students and the summer clerical and buildings staff on Saturday, July 4.

Weight Reduction Is Ordered by J. P. Morgan's Doctors

GLEN COVE, N. Y., July 2.—(AP)—J. P. Morgan's physicians mapped a weight reduction regimen today for the portly financier who was reported convalescing from an attack of neuritis in the moated fastness of his Long Island estate.

The banker, partially incapacitated, was carried by ambulance and lifted from a private railway coach yesterday into the seclusion of his country house.

The medical advisers, family members and business associates minimized the affliction, declaring he was not seriously ill and that he probably would make his annual vacation trip to his estate near London and his Grouse-hunting sojourn in Scotland.

The banker is in his 69th year.

BEAUTY CHATS

By EDNA KENT FORBES

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (10c) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY," ten cents in stamps will fully s.a.s.e. must be enclosed. Address Miss Forbes in care of this paper.

SUMMER TRAVEL NOTES.

ARE YOU TRAVELLING?

Miss Forbes tells you exactly what to take on your summer travels, so you can end your trip looking as fresh as the proverbial daisy. Read about it in the Beauty Chats.

You will be going about a good deal this summer either by car or train, or perhaps on these new long-distance coaches, which take you around the country so comfortably and so cheaply. In any case, your beauty problem is the same—how to end up on a journey looking as fresh as when you started out. And here is the answer:

First, a dark traveling dress or suit, cool enough to wear in the hottest weather, and most important, with a skirt that won't take a permanent bulge when you sit in it. Next, a matching topcoat for the cooler parts of your trip. Simple, comfortable shoes, preferably with low heels, and a pair of washable cotton gloves to wear during the journey. At the end of the trip, you put these away, and pull on a fresh pair of good ones which you have kept wrapped up in your pocket.

Your equipment will be as follows. Smoked glasses to rest your eyes; a sports net cap, with or without a visor, to keep your hair neat during the trip, so you can lay aside your hat. In your overnight bag, a miniature manicure set to freshen up your nails, and a flat, rubber-lined envelope case for the usual soap, face-cream, tooth-brush, etc. In addition to this, you need something for cosmetics, and I advise one of those moire silk rubber-lined pouch-bags which come fitted with bottles and jars.

You will need a jar of clean-shaven cream, one of foundation cream, and one of powder, and in your bottle you should carry a liquid skin cleanser, hand lotion,

and if you have a third bottle either witch-hazel or hair tonic. The pouch bag will also give you room for an adequate supply of tissues, compact rouge and lipstick. With these, you cannot fail to arrive looking fresh and well groomed.

MASONS INSTALLED OFFICERS ENSUING YEAR FRIDAY NIGHT

The Corsicana Chapter of Royal Arch Masons installed the following officers Friday night: N. F. Patterson, most excellent high priest; Emmett J. Hall, excellent king; B. R. Bonner, excellent scribe; Ed. M. Polk, Sr., treasurer; W. M. Huff, secretary; E. E. Sanner, C. of H.; P. H. Loggins, P. S.; W. E. Pressley, R. A. C.; Roland Bee, third veil; R. L. Smith, second veil; W. M. Elliott, first veil, and J. L. McCleary, guard.

R. F. Briggs, past high priest, was the installing officer and Sam J. Helm, past grand high priest, was marshal.

Confederate Reunion Notice. WORTHAM, July 1.—(Sp1.)—On account of the Fourth of July coming on Saturday and not being able to get a definite understanding with the various civic organizations of the surrounding towns as to whether Saturday or Monday would be the day business houses would close, and the further fact that there is so much activity in connection with various Centennial celebrations at this time, the executive committee of Joe Johnson Camp No. 94, U. C. V., have decided to call its annual reunion for a later date, which will be fully advertised, when such date has been agreed on.

By direction of executive committee. HOWARD WRIGHT, Q. M. MAMIE KENNEDY, Arj.

WIDESPREAD RAINS
IMPORTANT FEATURE
OF BUSINESS REVIEWRETAIL DISTRIBUTION SHOW-
ED SEASONAL INCREASE
ELEVENTH DISTRICT

DALLAS, July 1.—(P)—

Widespread rains that broke

the prolonged drought in

practically all sections of

the Eleventh district, re-

ceives first-place attention

in the monthly business re-

view of the Federal Reserve

Bank published today.

In addition to this important

factor in the economic situation,

the Review announces that "re-

tail distribution at department

stores in larger cities showed a

seasonal increase of 6 per cent

in May as compared with the

previous month and was 17 per

cent higher than a year ago."

Since the rains, the Review

continues, row crops have im-

proved rapidly and farmers, aid-

ed by weather, the first half

of June, have made good progress

cleaning the fields of weeds and

grass. Additional moisture in the

near future would be beneficial

for sustaining plant growth and

matured feed crops.

Small grains, generally, the Re-

view states, were too far ad-

vanced to benefit materially

from the rains. Rangers and live-

stock also have shown marked

improvement. The Department of

Agriculture reported the June 1

condition of the ranges in Texas

were the best since 1932, and

that summer and fall grazing

virtually is assured. Since the be-

ginning of the year, livestock have

taken on flesh rapidly and now

are in generally good condition.

Construction activity, as re-

flected by the valuation of build-

ing permits issued at principal

cities continued at a higher level

than during the preceding five

years. The total for May was

four per cent higher than for the

previous month, and exceeded

the total for the corresponding

first half of 1935 by 11 per cent.

The aggregate value of permits issued

at these cities the first five

months of the current year was

131 per cent larger than in the

same period last year.

Although the volume of May

sales in most reporting lines of

wholesale trade, the Review ex-

plains in referring to department

store sales, reflected a recession

slightly larger than the average

for the year. Business generally

was considerably better than a

year ago. Commercial failures

were fewer than in either the

previous month or the same

month last year, and there was

a sharp decline in the indebted-

ness of defaulting firms. Debts

to individual accounts at banks

in larger cities of the district

were maintained at about the

April level and were 14 per cent

higher than in May, 1935.

Bank Loans

Federal Reserve Bank loans to

member banks, after rising steady-

ly from early in March to the

end of May, declined during the

first half of June and at the

middle of the month were lower

than a month earlier or a year

ago. The investments of report-

ing member banks in leading

cities were reduced further be-

cause of the decline in the price

FLOOD

(Continued From Page One)

The flood-torn area as frantic pleas

for relief were made.

Dangers spread to other

sections of the district, as the

Gonzales section, leaving between

300 and 400 families homeless

and destitute.

At Cuero the Gaudalupé river

was rising 18 inches an hour and

had flooded 10,000 acres of farm-

land at a stage of 40 feet.

Two families caught in the swirl

of unusually placid creeks were

missing. Above Hardy's Bluff, on

Sandies Creek, where a family of

four was reported to have been

stranded, the disappearance of the

Ivy family. Number of the mem-

bers of the family was unknown.

Carl Hagen of the Gonzales

power plant, telephoned a report

that a Mexican family had drown-

ed. Peach River rescuers set

out to hunt both missing families.

Sanitation engineers went to

stricken areas with materials to

chlorinate water supplies, typhoid

vaccine, and first aid equipment.

All indigent persons were urged

to submit to the typhoid vac-

cine. Health department workers

sought carcasses of cattle for

quick cremation.

Leesville Seeks Aid

Leesville, a small town in the

county farming community of 250

population, regained communication

with the outside world today by

appeal for Red Cross aid. C. D.

Campbell, Chamber of Commerce

official, said that the town had

been inundated by rain.

Further South, residents of

Three Rivers, village on the

banks of the Atascosa, Rio and

Nueces rivers, reported that the

waters were sweeping the town.

The three streams rose at the rate

of a foot an hour, fed by heavy

rains in the Christine and

Campbell area yesterday.

The Three Rivers residents feared

for the safety of Tilden, 25 miles

west on the Rio river, where

ports reached there water was

lapping on the courthouse steps.

All roads to Tilden were inun-

dated.

Much Land Inundated

Floodwaters from the Nueces

backed into the government sub-

sistence home project Southeast

of Three Rivers and backwater

from the Rio threatened homes

in the north end of the city.

Plum Creek at Kyle was a nar-

row, shallow stream again today,

unlike the current that 24 hours

earlier was believed to have claim-

ed 18 lives in the Kyle-Union

section.

Two were killed when a

freight train left tracks at a

washed out bridge and tumbled

into the creek bed, while ten

members of two families were

washed downstream. Two boys

had been recovered but rescu-

ers on horseback still searched

for two tiny children. Two oth-

ers were believed hidden in the

train wreckage.

The freight train had passed Gonzales

although fears of a new overflow

were felt after another two inch

rain early today.

Additional Rains

In Gonzales Sector

SAN ANTONIO, July 2.—(P)—

FIVE KILLED, OVER THIRTY-FOUR HURT DURING PAST MONTH

TOTAL OF NINE FATALITIES
FROM AUTO CRASHES
FOR THIS YEAR

Death, riding highways 75 and 81, claimed five lives in Navarro county during June.

A survey made today by the Daily Sun, also showed that at least 34 other persons were seriously injured in automobile accidents during the month, most of which have occurred since Sunday June 14.

The five traffic deaths during June brought the total for the year to nine in Navarro county. As a result of the large number of deaths and injuries, city and county officers are making a concerted effort to reduce trucks and passenger cars from speeding through Navarro county, and city, county and departments and local organizations are instigating a movement to secure the permanent residence in Corsicana of at least two highway patrolmen, and also to have a safety-testing unit of the State Highway department here, to test automobiles, for factors such as lights, brakes and tires.

Four Deaths on Highway 31. Four of the five persons killed in highway accidents in June met their deaths on highway 31, not more than three miles east of the city limits. The other person was killed on highway 75 near its intersection with highway 14 at Richland.

The first death of the month came on June 14, when a passenger car figured in a collision with two oil trucks and one man, unidentified, was burned to death and another man was injured.

Three days later W. T. (Buck) Griffin was killed in an automobile accident on highway 31 east of Corsicana, which also injured a woman. Griffin's death was the sixth highway fatality of the year.

On Monday, June 22 C. A. Thompson, 57-year-old WPA worker of Powell, was killed almost instantly when a gasoline truck struck a truck in which he was riding. All 14 men were injured and on Tuesday, June 23 D. C. Black died of injuries received in the same accident. Four of the injured men are still in the P. and S. hospital.

Aged Woman Killed. On Monday, June 29 another automobile accident claimed the life of Mrs. Evaline Randall, 84-year-old Stigler, Okla., widow. The accident also injured Mrs. M. L. Randall, still a patient in the Navarro Clinic. Mrs. Randall's death was the ninth highway fatality of the year, and the fifth of the month.

Tuesday afternoon six persons were seriously injured in an accident near the intersection of highways 75 and 14 at Richland, and today three of them remained in the P. and S. hospital in a critical condition.

Future Farmers Name Winners In State Contests HUNTSVILLE, July 1.—(P)—Future Farmers of America in Texas returned to their homes today after selecting winners in the organization's contests in a meeting which closed here yesterday.

A. B. Yearwood, Jr., Stephenville, won first place in public speaking for his discussion of "a live 'at home' program as a farm relief measure." Edwin Gerlach, Livingston, was second and Jack Jones, Graham, third. In the chapter-conducting contest Roschell was first, Comyn second and May, third.

Debate honors went to Cleveland Griffin and Gordon McLendon, Atlanta.

Four-H Club Girls Enjoyed Swim at Y Tuesday Morning More than 50 girl members of Navarro County 4-H Clubs enjoyed a swim in the Y. M. C. A. pool at 11 o'clock Tuesday morning, and about 75 boy club members enjoyed the same privilege at 3 o'clock Tuesday afternoon.

The county boys and girls were guests of the Y. M. C. A. in connection with a county club rally sponsored by Miss Ruth McNabb, county home demonstration agent, and C. C. Morris, county farm demonstration agent, Tuesday. The morning and afternoon sessions were held at Mineral Plunge Pavilion, with picnic dinner served there at noon.

Cream Supper There will be an ice cream supper at Bazette. Wednesday, July 8th, benefit of the church. Candidate speaking date. Everybody welcome.

Justice Court. Three were fined on drunkenness charges by Judge M. Bryant.

Probate Court. The will of Orleana Bennett, deceased, was filed for probate.

Warranty Deeds. Frankie Freedman to Johnnie B. Brown, et ux, Lot 7 and East 1-2 Lot 8, Block 501, Corsicana, \$260. First National Bank of Corsicana, Texas, to Ernest Copley, et ux, 50 acres of the Jeremiah Day survey, \$766.38 and other considerations.

John W. Spivey, et ux, to Fred Spivey, 70 acres of the H. H. Horn survey, \$1 and other considerations.

John T. Jarvis, et ux, to S. C. Loden, et ux, part of Block 484, Corsicana, \$200 and other considerations.

E. A. Forehand, et ux, to T. J. Crowley, part of the Bush survey, \$50.
